Introduction to the RealAudio Player Plus

Welcome to the RealAudio® Player Plus by Progressive Networks. The RealAudio system is the premier real-time audio delivery system for the Internet.

Using the RealAudio Player Plus, you can listen to thousands of hours of live and pre-recorded files, including streaming audio, live video, images, audio, video, and more. In addition, the RealAudio Player Plus includes several different RealAudio Player Plus plug-ins and components that are available for download from the RealAudio website.

If you have not already installed the RealAudio Player Plus, please do so now. The installation takes just a couple of minutes. Installation instructions are at [http://www.real.com](#).

For more information, refer to our web site: [http://www.real.com](#).
